Faisal Husain is an entrepreneur and proven business leader with 25+ years of financial services, technology, and consulting expertise. He is the co-founder of Synechron and serves as its Chief Executive Officer since its 2001 inception. He provides the vision and leadership at Synechron, a leading digital transformation consulting firm for the financial services and big tech industries.

A technology evangelist with a penchant for innovating cutting-edge digital tools, Faisal and team bring Synechron clients' strategies and solutions for solving critical, real-world business needs. Synechron's specialties include Artificial Intelligence, Consulting, Digital, Cloud & DevOps, Data, and Software Engineering. Synechron has grown to a workforce of 13,500+ talented individuals across 19 global locations.

Under Faisal's leadership, Synechron continues to invest heavily in R&D initiatives to drive digital innovations created in Synechron's 13 global Financial Innovation Labs ('FinLabs'). FinLabs allow for experimentation with the latest digital technologies in an expert-guided, immersive environment. This innovation has led to the successful launch of Synechron's 11 Accelerator programs to date focused on Blockchain, Artificial Intelligence Automation (AI), RegTech, WealthTech, InsurTech, AI Data Science, Digital Ecosystems, InvestTech, PayTech, Data Monetization, and RiskTech.AI.

Before founding Synechron, Faisal spearheaded the development of enterprise-level e-commerce applications for major Wall Street financial firms.

In his personal life, Faisal is a son, husband, and father of two who enjoys exploration in his 4x4 wheel vehicle, photography, restoring/customizing vehicles, playing guitar, and spending time with family.

He holds a Bachelor of Technology degree in Aeronautical Engineering and a Master of Science degree in Computer Science from Pace University, New York.
